(iii) Reasons for deviation, if any	No deviation, hence not applicable
-------------------------------------	------------------------------------

## 11 Comments of monitoring agency, if applicable

(a) Comments on use of funds	1) The Company has proposed for repayment / prepayment in full or part of certain borrowings based on the amount outstanding as on October 31, 2022 as mentioned in the "Object of the Offer" section of the prospectus for IPO. Actual Utilization as given above therefore includes certain repayment / prepayments instalments made by the company after such date of October 31, 2022 upto December 30, 2022 (i.e. listing day) being claimed as reimbursements to the amount proposed.
(b) Comments on deviation, if any, in the use of proceeds of the issue from the objects stated in the offer document	2) The Company has made pre-payment of proposed repayment of Fiscal 2025 in the current year i.e. Fiscal 2024 itself. The Management of the company has obtained formal opinion from the Independent Professionals and is of the view that the such pre-payment is done from the net proceeds of the IPO only. The pre-payment has not caused any increase in the amount allocated for prepayment and repayment in full or part, of borrowings availed by the Company as disclosed in the prospectus and therefore same shall not amount to any variation or deviation from the Objects of the Offer as disclosed in the prospectus.
(c) Any other reservations expressed by the monitoring agency about the end use of funds	3) Due to change of market scenario, upgradation of technologies and cost efficiency, the actual capital expenditures for expansion have been made different than stated in the prospectus in terms of expansion location and asset item. The Management of the company has obtained formal opinion from the Independent Professionals and is of the view that no prejudice is being caused by change of expansion locations or change of machineries (having similar use) given the fact that the same will lead to an overall increase in the profitability of the Company and also same does not amount to a material deviation or variation in the objects of the offer as disclosed in the prospectus.
