f. Institutional set-up for liquidity risk management:

The Board of Directors of the Company has constituted the Asset Liability Management Committee and the Risk Management Committee.

The Asset Liability Management Committee, inter alia, reviews the asset liability profile, risk monitoring system, liquidity risk management, funding and capital planning, profit planning and growth projections, forecasting and analyzing different scenarios and preparation of contingency plans. Further, the Risk Management Committee, inter alia, monitors and measures the risk profile of the Company and oversees the integrated risk management system of the Company.

The Company has also constituted the Asset Liability Management Support Group, inter alia, to analyse, monitor and report the liquidity risk profile to the Asset Liability Management Committee.

The Company manages liquidity risk by maintaining sufficient cash/treasury surpluses.

Management regularly monitors the position of cash and cash equivalents. Assessment of maturity profiles of financial assets and financial liabilities including debt financing plans and maintenance of balance sheet liquidity is considered while reviewing the liquidity position.

The Company manages liquidity risk in accordance with the Company's Asset Liability Management Policy and Liquidity Risk Management Framework. The Asset Liability Management Policy and Liquidity Risk Management Framework is reviewed periodically to realign the same pursuant to any regulatory changes/changes in the economic landscape or business needs.

Note: The amount stated in this disclosure is based on the unaudited financial statements for the quarter ended June 30, 2021.
